ACCEPTANCE OF HENRY FORD OFFER URGED Drastic Action By "Big Four" Is Threatened

Rolling Stock Declared To Be In
"Perilous Condition" From
Strike

LOCOMOTIVE DRIVERS
MAY QUIT THE JOBS

Walkout Would Be Born Of
Necessity And Not
Sympathetic

(By International News Service.)
WASHINGTON, Aug. 4.—Drastic
action by the "Big Four" is imminent
as a result of the "perilous condition"
of the rolling stock on the railroads,
brotherhood leaders in Washington
stated today.

They charged that defective loco-
motives are being operated in viola-
tion of federal laws.

At the same time it became known
that labor leaders are gathering data
for an energetic protest to Congress
and it is probable that an investiga-
tion of the Interstate Commerce
Commission will be asked, for its al-
leged laxity in enforcing federal
laws.

"Our engineers, in many instances,
are being coaxed to drive locomotives
that are badly in need of repairs as
a result of the shopmen's strike, and
in some cases they are not only being
coaxed but are being threatened
with punishment if they do not drive
the engines," said H. E. Wills, vice-
president of the Brotherhood of Loco-
motive Engineers.

A veritable flood of complaints
from engineers has begun to pour in
on local chairmen, who, in turn, are
communicating the complaints to
headquarters in Cleveland, it was
stated.

A number of Senators also are re-
ceiving appeals from engineers and
other organizations, calling upon
them to demand investigation of the
alleged violation of laws in the non-
retirement of locomotives that are a
menace to lives and properties.

A warning is expected to be issued
within a few days by the brotherhood
headquarters in Cleveland addressed
to the railroad management and to
the Interstate Commerce Commission.

At the same time there will be
lodged with President Harding a vig-
orous protest against employment of
defective rolling stock.

Labor leaders in Washington today
indicated that the brotherhoods may
be forced to quit their jobs, not out
of sympathy for the shopmen already
on strike, but by the progressive de-
terioration of the motive power of
the roads.

A marked feature in the develop-
ment of the shopmen's strike was de-
clared by labor leaders to be volun-
tary sympathetic walkouts of more
than 1,500 unorganized Japanese
boiler cleaners on Western roads. The
defection of the boiler cleaners is of
prime importance to the roads, it was
pointed out, because a locomotive
boiler requires washing out once a
week, to guard against possible ex-
plosion.

Wills concluded his statements by
declaring that engineers were in-
structed during the first stages of
the shopmen's strike not to be "fin-
icky" about minor difficulties met
with in the operation of locomotives
and not to take advantage of techni-
calities for rendering complaints.
"This stage has passed," Wills said.

CABINET MEETS.

WASHINGTON, Aug. 4.—Presi-
dent Harding met with his cabinet
today for another thorough inventory
of the industrial situation, admitted
by government officials generally to
be daily growing more serious and
more dangerous in its potentialities.

GIRL, 5, SOLD FOR BOARD BILL

A human chattel, a five-year-old girl, was sold in a Chicago court to satisfy a debt. She was Mary Bakker, held by Mrs. A. Stolman as security for a \$405 board bill incurred by the child's father. She was purchased through the payment of \$20 by Mr. and Mrs. John Kenney, of Rentville, Mich., her uncle and aunt, who plan to take her to their home.

Reports of Committees Create Enthusiasm At Shopmen's Meet

The following official communica-
tion was issued today by H. C.
Hutchison, chairman of the press
committee of the federated shop-
crafts:

The usual large attendance was
present at the rail strikers' meeting
at the Masonic Theatre this morning.

The principal addresses were made
by Rev. J. Fred Jones and W. H. Wil-
son.

The publicity committee report was
the longest one made, and contained
extracts from the last poster pub-
lished by the committee, from edi-
torials in the Birmingham Post and
from the August 5 number of Ford's
Dearborn Independent; and from the
morning papers.

The following from the morning's
Associated Press created considerable
enthusiasm:

"Although they subscribed to the
rejection of President Harding's peace
plan when it came before the Ameri-
can Association of Railway Execu-
tives, the four roads to whom other
lines are now contributing mechanics
frankly disclosed their condition,"
said Mr. Loree. "They were the
Chesapeake & Ohio; Norfolk & West-
ern, Virginia and the Louisville &

Nashville, it was disclosed."

A telegram was read from S. E.
Roper dated in Cincinnati, saying he
would be in Albany in time for Mon-
day's meeting.

It was announced that Rev. R. W.
Stuckey would speak to the strikers
tomorrow (Saturday). Abe Long and
Doc Bailey made stirring addresses
from the gallery.

Because of a special request from
many of the men, Dr. J. Fred Jones,
pastor of the First Christian Church,
delivered in part his sermon of last
Sunday on "Christianity and the In-
dustrial World." Dr. Jones said in
the course of his address: "I am go-
ing to quote to you what I call the
'diamond rule.' It is in the words
of the Master, 'that ye love one an-
other, even as I have loved you.'"

J. F. Lewis reported that the local
railway clerks had made a donation of
\$93.45 to the local strike fund. He
also announced that the Carmen's
Union had made a donation of \$100,
to be used for the laborers now on
strike. Reports were read from Wil-
liam H. Johnston and other national
labor leaders in regard to financing
the strike. The closing prayer was
by W. F. Holly.

CANDIDATES WILL TALK TO VOTERS

Candidates for county offices will
deliver addresses in Albany and De-
caturn this week, winding up their
tour of the entire county.

The candidates will talk to the vot-
ers on Bank Street tonight and to-
morrow night will address the voters
on Second Avenue. The public was
invited to hear all of the speeches.

First Hostilities In Indiana Mine

(By Associated Press.)
STAUNTON, Ind., Aug. 4.—First
hostilities in connection with the tak-
ing over of the mines by the state
occurred today when pickets on guard
duty were fired on from ambush.
The fire was returned by guards and
later firing was taken up over the
entire area and was continued for over
an hour.

Negro Woman Trampled When
People Hurriedly Seek
The Exits

(By International News Service.)
BIRMINGHAM, Aug. 4.—Two
white men, one of them perhaps fat-
ally wounded, the other seriously,
and two negro women are in hospi-
tals here today as the result of a
clash between employees of the Frisco
Railroad and three alleged striking
shopmen on a Pratt City-Ensley
street car late last night.

A. B. Weathers, chief car inspector
for the Frisco, and a shop guard
named Cantrell entered the car with
I. S. Mills, an employee of the Frisco
shops. At Thrash station, according
to investigating officers, three men,
supposed to be striking shopmen, cov-
ered Weathers and his companions
with revolvers, ordering them from
the car.

Shooting commenced at once,
Weathers escaping through a win-
dow, unhurt, but Mills was shot
through both arms; one of them being
broken, and also was wounded in the
leg and abdomen. He then ran a
mile and a half to a residence, where
he collapsed.

Cantrell, the guard, escaped unin-
jured, it is stated, but has not since
been located.

T. H. Childs, a passenger on the
car, was wounded in the arm and
face by stray bullets, but is expected
to recover.

One of the negro women passen-
gers was wounded in the arm by a
bullet, while the other sustained se-
rious injuries about the body from the
effects of being trampled upon by
frenzied passengers attempting to
leave the car.

Weathers, police state, claims he
can identify the men who did the
shooting, though no arrests have
been made.

COLONEL WRIGHTSON TO DIRECT CAMPAIGN AGAINST MALARIA IN THE VALLEY SECTION

Son-in-Law of General Gorgas
Arrives Here To Take
Up Work

IS PART OF GENERAL
CAMPAIGN IN SOUTH

Difference Between "Harmless
Variety" And Malaria Car-
riers Pointed Out

Col. William D. Wrightson, son-
in-law of General Gorgas, and him-
self a sanitary engineer in the United
States Public Health Service, has ar-
rived here to begin a campaign in
Morgan and Madison counties to
eradicate malaria by eliminating the
malaria mosquito. His headquarters
will be here; with the Morgan County
health unit.

Col. Wrightson's work is part of
a general campaign throughout the
South, headquarters of the field crew
being in Memphis, Tenn. Col. Wright-
son has been assigned to Alabama
and his stay in the Tennessee Valley
will be indefinite.

Work of sanitary engineers
throughout the world has demon-
strated that malaria can be controlled,
it is claimed, and the public health
service is determined to stamp out
the disease in Dixie.

The distinguished visitor called
attention to the fact that the mos-
quito family is divided into two
great general groups, one of which
is comparatively harmless, while the
other is the carrier of malaria germs.
Taking a table as an illustration,
Col. Wrightson pointed out that the
harmless variety rest almost hori-
zontal with the surface of the table.
The malaria variety, however, rest
on the table with their tails in the
air. In a barrel of water, the culex,
or harmless kind, use a breathing
tube from the surface of the water,
being themselves probably under the
water. The malaria carriers remain
on the surface of the water.

During the war Col. Wrightson
was in charge of the sanitation of
all of the government camps and can-
tonments. Since the war he was with
the yellow fever commission of the
Rockefeller Foundation and went to
South America with General Gorgas,
where they instituted measures for
the elimination of fever. He was
made consulting sanitary engineer by
the Peruvian government and later
the duties of director of health were
added to the office. He remained in
Peru two and one-half years.

HARTSELLE PEOPLE INSPECT ASPHALT

A. P. Howell and other officials of
the city of Hartselle are here today
to witness a demonstration being
conducted by the Tennessee Asphalt
road building company, who have con-
structed a stretch of road on the Al-
bany-Decatur and Danville road with
asphalt top. The officials from
Hartselle are viewing this road with
a view of having the same kind of
work constructed within the corpor-
ate limits of Hartselle. The authori-
ties at Hartselle are planning consid-
erable street work in the near future,
and it is quite probable that this kind
of work will be selected.

DRAWN BIG FINE.

At municipal court this morning
an alleged offender drew a heavy
fine from his honor Mayor Payne. A
fine of \$100.00, and an additional 30
days on the streets, was assessed
against him. An appeal bond was
executed and he was given his liberty
pending a future hearing.

Spencer Will Distribute
Nation's Fuel

president of the Southern Railway

States during the World War, has

with distributing and rationing the
nation's coal as a result of the mine
strike.

SOUTHERN CRAFTS WILL TALK PEACE WITH ROAD'S CHIEF

(By Associated Press.)

WASHINGTON, Aug. 4.—Rep-
resentatives of six striking shop
craft unions on the Southern rail-
way will meet in Washington
tomorrow, with H. W. Miller, vice
president, in charge of operations
of the system, to consider propo-
sals for settlement of the strike
on the basis suggested by Presi-
dent Harding to executives of all
roads.

The Southern, acting separately
from other large lines, has made
no attempt to break the strike,
nor has it refused returning
strikers seniority privileges.

Naval Ship Will Be Sent To Rio

Orders have been received from the
Navy Department by the recruiting
station here to transfer all men with
previous naval service to Hampton
Roads for the U. S. S. Nevada. The
Nevada is at present in the Navy
Yard at Norfolk for overhaul. She
is scheduled to sail for Rio Janeiro on
Aug. 19, 1922, where she will remain
for over two months as the United
States representative at the Centen-
nial Exposition.

BIG ENROLLMENT.

MONTGOMERY, Ala., Aug. 4.—
Special.—Zebulon Judd, head of the
school of education of the Alabama
Polytechnic Institute came to Mont-
gomery today for a conference with
the educational department. He de-
clared that the two summer terms
this year have been more important
than any terms ever held at the in-
stitution, that the first term enrolled
900 students and that the second had
an enrollment of 539.

STILLS RAIDED.

MONTGOMERY, Ala., Aug. 4.—
Special.—Agents of the state law en-
forcement department arrested one
man on a charge of violating the pro-
hibition laws and seized 336 quarts
of liquor in Mobile County, according
to a report received by the depart-
ment today. Another squad reported
the destruction of two sixty-gallon
stills and the pouring out of 400 gal-
lons of mash in Limestone County.

SEVEN SENATORS, IN FORMAL REPORT TO MEMBERSHIP, TELL REASON FOR STAND

Gigantic Trade War Between
Ford and "Industrial Trusts"
Is Heralded

WILLING TO AGREE TO
HUNDRED YEAR LEASE

Report Brings Ford One Step
Nearer Realization of His
Dream

(By International News Service.)
WASHINGTON, Aug. 4.—Herald-
ing a gigantic trade war between
Henry Ford and the industrial trusts
of America, seven members of the
Senate agricultural committee today
recommended absolute acceptance of
his offer for development of the gov-
ernment's \$200,000,000 nitrate and
waterpower project at Muscle Shoals,
Ala.

The seven Senators, submitting a
minority report, brought Ford one
step nearer realization of his dream
for an economic revival throughout
the South and creation of a monster
industrial shrine at Muscle Shoals.

The Ford advocates declared ac-
ceptance of his proposal would result
in a monster waterpower develop-
ment at Muscle Shoals, which would
be "comparable only to Niagara
Falls." They contended his great fi-
nancial genius, manifested in great
plants at Muscle Shoals, would pass
on to the American people great
economies.

The Ford men flung a direct chal-
lenge to ship subsidy adherents to
support their stand.

"If the Ford proposal cannot be
supported as a subsidy, then how can
the American people support a sub-
sidy to ship operators?" was a de-
mand they made to the subsidy ad-
vocates.

"Certain objections to the Ford of-
fer seem apparent," the report began,
"but we insist, without fear of suc-
cessful contradiction, that none of the
objections to the Ford offer can be
remedied by government ownership
and operation at Muscle Shoals—by
the government going into the power
business or entering the uncharted
and hazardous field of operating a
nitrate plant at Muscle Shoals.

"Sweeping aside all controversy,
confusing hearings and debates, we
believe the present fuel and trans-
portation emergencies will cause ev-
ery member of the senate to feel as
we do that the development of such
great hydro-electric power as is found
at Muscle Shoals is the only certain
and permanent relief in the future
from the present paralysis of Ameri-
can industry.

"No electrified railway and no in-
dustry served by waterpower can
suffer suspension on account of a
fuel supply because hydro-electric
power, both in its production and
distribution, is practically free from
all labor troubles. Fuel and trans-
portation are the big national prob-
lems which now distress our people."

Summing up their reasons for urg-
ing acceptance of Ford's offer, the
seven Senators declared Ford, if
given the project, would:

1. Contribute a great war plant to
the national defense.
2. Provide for large scale produc-
tion of fertilizer at reduced cost.
3. Reduce the cost of hydro-electric
power to levels now existing in
Cynada and Norway, where great
waterpower projects abound.
4. Develop a great inland water-
way through the Tennessee Valley.
5. Create a great industrial center
at Muscle Shoals.

In paralleling the effects of Ford's
offer and the government ownership
plan, the report contended Ford's of-
fer would take the government out
of the fertilizer and power business,

WE FAVOR ACCEPTANCE OF HENRY FORD'S BID FOR MUSCLE SHOALS.**LEMEREL PHILLIPS PADGETT.**

In the passing of Congressman Padgett of Tennessee the nation loses a man whose place will be hard to fill. For over twenty years he represented his district with credit to himself and his people returned him to the House of Representatives time after time unopposed. He was a brilliant man, a Christian gentleman and served his God and country. Retiring in manner, he avoided the limelight, but when called upon to espouse a righteous cause he was to the fore with that force and mastery that gave him the high place he attained in the hearts of the people. Mr. Padgett was a learned counsellor, a faithful and just man.

A LUCKY MAN, FINALLY "OUT OF LUCK."

The triumph of the green table at Monte Carlo, has struck its colors to death. The man who broke the gambling bank at Monte Carlo died of a broken heart and left an over-drawn bank account in the city of Paris a few days ago. His name has passed with his miserable life. His tragic end is standing proof that luck alone does not make a successful life. This man had all the luck there was—for a while. He picked up millions in such a short time he was regarded the world over as a celebrity. Many catchy songs were sung in his memory during the days of his affluence—most of them ending up with the lines—"The man that broke the bank at Monte Carlo." And some, because they envied and desired the luck of the now luckless gambler would end the song with the words—"I'm the man who broke the bank at Monte Carlo!" The fame of this man was not confined to any country or to a few York, Peking, Melbourne, San Francisco and St. cities. He was known and his praises sung, in New Louis. But nobody knows him now, not even his home. When he died the story goes even the newspapers of Paris had forgotten all about the once famous gambler, and it was days after his death before his identity was generally known. This man had such a luck as brought him millions; but he did not have character enough to "salt his money down." The consequence was that when he was "cut of luck," his staying qualities were not sufficient to sustain him; and away went his wealth, and finally his life was taken by his own hand. Since when, if ever have riches obtained by chance benefited their owner? People may make make fortunes by luck and chance; but no fortunes were ever established that way. It may be accepted as absolutely true that the fortunes that endure are never those that have come as by chance. Staying fortunes are built like granite walls, little by little and piece by piece. Wealth may be obtained much more easily than it can be retained and added to. It takes as much patience, care and unremitting toil to retain and increase a fortune once it is made as it did to accumulate the fortune in the first place. Such characteristics never belong to a gambler. If they did he would never have been a gambler. "Unhappy is that poor man that waits on Prince's favors"; but equally unhappy and miserable is the man or men who wait on the turns of chance and luck.

ALEXANDER GRAHAM BELL

Alexander Graham Bell, whose death at a Nova Scotia resort occurred Wednesday, was the inventor of the telephone.

After years of experiment with the transmission of sound by electricity, he was granted a

patent on March 17, 1876.

He came from a family of Scotch educators, his father, Alexander M. Bell, having taught in Scotch, English and Canadian universities, and who is best remembered as the inventor of "visible speech," a method of instructing deaf mutes which came into wide use.

His grandfather, Alexander Bell, invented a method for removing the impediments of speech.

Alexander Graham Bell was born in Edinburgh, Scotland, March 3, 1847. He was educated in the high school and university there and received special training in his father's method teaching mutes.

He accompanied his father to Canada in 1817, where he occupied the chair of vocal physiology at the University of Boston.

After he had patented the telephone, a patent which eventually made him rich, he continued his experiments in the transmission of speech, and among the more prominent of his inventions are the photophone (radiophone), an instrument by which a beam of light is made to transmit spoken words to a distance; induction balance and telephone probe, an instrument for locating bullets in the human body.

With C. A. Bell and Summer Taintor, he was the co-inventor of the graphophone, for which patents were issued in 1883.

He has been honored by all of the leading scientific bodies of the United States and Europe and his decorations from foreign governments were numerous.

What his contribution to civilization has been is within the grasp of the average man who has but to look at the telephone on his desk and picture the world today without this means of communication.

With all the honors and wealth that came to him in late years, his interest in deaf mutes never waned.

THE TURNING POINT

The turning point in the affairs of the nation industriously has begun, and from now on suggestions from both sides at issue will eventually find the way. The settlement of great questions requires much patience and liberal amount of time. They can not be gone about in a hasty manner. There must be the give and take program. This must soak in, and then the mind of each is ready and in a receptive mood for other things. That it will come is assured. Out of the great mass of tangled threads which have been woven in the way to find the way out, good will come, and peace will again dawn, and the great body of both employer and employee will again begin the march to a greater and more lasting industrialism, and greater things will be wrought in the future than in the past. Hope and patience, those two great and valuable assets will gird mightily, if but used in a liberal manner.

The county board of revenue are in session today, and are viewing a road demonstration which has been put on by the Tennessee Asphalt Road Construction Co., at a point on the Albany-Decatur and Danville road near this city. It is the plan of the board it is understood to include the asphalt top on the road projects now being constructed in the county. The plan it is understood, is that the contractors pay half of the cost of the asphalt, the county paying the other half. Time and much labor is saved it is stated by using the asphalt, as in applying the ground limestone dressing, it is necessary to do much rolling and the use of much water is necessary. The asphalt top provides a better binder, and is more lasting.

Many have been presented with the opportunity and accepted, to take a while off from the daily routine of every day duties of life, and have taken themselves away from the every day scenes, where new things were presented each day, giving rest to the eye and renewing the strained forces of the body. Not every one can have this privilege. There must of necessity many remain behind for various reasons. To those who may not be enabled to take a rip away, there are many cool pleasant places in the county in close proximity, where one may go and spend the day and be back home again by evening. These furnish a diversion from the routine, and one comes home stronger and better equipped for the duties that await.

The darkest night is just before the brightest dawn. Well, that's some comfort even to be permitted to just think so. That's where hope comes in and plays a most important part in the daily routine of every man's life. Without it, there wouldn't be much incentive for effort by many of the inhabitants of this mundane sphere. The failures of achievement which come to the lot of all would be such barriers, that not many would have the heart to try it all over again.

WARNING ISSUED AGAINST DISEASE

Warning against smallpox, because of its prevalence in other states, and requests that all persons needing treatment be vaccinated, were heard yesterday at the regular meeting of the Morgan County Medical Society.

The Society also passed three resolutions, the first endorsing the work of the county health unit, the second favoring the establishment of a laboratory as part of the work and the third instructing the County Board of Health to go into the matter and report to the society. The first two resolutions were adopted unanimously, the last having one dissenting vote.

The resolutions follow:
"Be it resolved by the Morgan County Medical Society, that we approve the work as being done by the Morgan County Health Unit under Dr. Austin as County Health Officer.

"Be it further resolved, that we favor the establishment and maintenance of an efficient laboratory as an integral part of the County Health Unit.

Be it further resolved, that the County Board of Health be instructed to go into this matter with the state and county health officers and report back to this society what steps are necessary to obtain the desired laboratory.

BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of "Theodore's Black-Draught," which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the faded liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodore's Black-Draught." NC-145

AL FRESCO TEA.

The al fresco tea on Thursday afternoon was the second of a series of delightful teas given by Mrs. W. R. Smith on the attractive and shady lawn of her home on Sherman Street. Mrs. C. Lund, of North Carolina, who is visiting Mr. and Mrs. Charles Malone, was the honor guest on this occasion. Lawn seats were scattered over the lawn and seated here the guests were served with ices.

The guest list included Mesdames C. Lund, Charles Malone, J. D. Wyker, D. D. McGehee, L. B. Wyatt, Annie Crane, A. B. Jervis, A. D. Jervis, Clifton Maulsby, McCarty, Charles Worthington, W. H. Simpson and R. H. Wolcott.

SHADOW PARTY.

Honoring Mrs. Nash, of Memphis, Tenn., who is the guest of Mrs. Seneca Burr, Mrs. R. H. Wolcott was hostess at a shadow party at the Princess Theatre Thursday evening. After witnessing the screen production, "Peaceful," the party repaired to Park Place, the beautiful home of the hostess, and there they were joined by their husbands for light refreshments.

Mrs. Wolcott's hospitality was extended to Mr. and Mrs. B. E. Pruett, Mr. and Mrs. B. B. Pickens, Mr. and Mrs. F. F. Tidwell, Mr. and Mrs. W. R. Smith, Mr. and Mrs. Seneca Burr and Mrs. Nash.

MRS. CLARKE and MRS. SADDLER HOSTESSES.

Mrs. W. T. Clarke and Mrs. J. W. Sadler entertained a few friends at their home on Maple Street with a party Tuesday afternoon, from 4 to 6 P. M. Music and conversation were enjoyed and delightful refreshments were served to the following: Mesdames A. S. Brazelton, Albert Pettet, Will Glover, Clint Clarke, Baxter, Kimbrough, W. F. Robinson, John Norwood and Ed Toone.

Mr. and Mrs. R. G. Sherrill and little Miss Sherrill are spending a few days at Hartselle.

Mr. and Mrs. E. H. Strane, of Albany, have returned home, after ten days spent with relatives and friends at different points in the state and Tennessee.

Mrs. L. R. Jacks is visiting relatives in Athens.

PARTY FOR MISS HALLBROOKS.

Miss Ruth Hallbrooks was given a delightful surprise party last night in honor of her sixteenth birthday anniversary. Rook and music were the features of entertainment during the evening and were enjoyed by the following: Misses Agnes Giles, Lorene Hennessy, Baby Bess Bailey, Edith Woodward, Flossie Grady, Mary Rackley, of Pulaski, Tenn. and Mrs. M. W. Beatty.

Late in the evening Mrs. Hallbrooks, the mother of the honoree, served sandwiches, candy and watermelon to the guests. Many useful and pretty gifts were received by the attractive honoree.

SURPRISE PARTY.

Miss Anna Tidwell entertained last night with a surprise party for Miss Frances Oakley, of Nashville, Tenn., who is the guest of Miss Hilda Harris. Games, music and conversation were enjoyed by a happy bunch of young people until a late hour, when refreshments were served, the following being the guests: Misses Frances Oakley, Hilda Harris, Imogene Winton, Katherine Teague, Helen Thurman, Evelyn Davidson, Mildred Huff, of Lacey Springs, Amy Lee Speake, Velma Tramm, Louise Hodges, Anna Tidwell; Messrs. Ernest Holsford, John Wilkes, Otha Wilson, Wilbur Couch, Irving Mitchell, Spurgeon Speer, Robert Garrison, Harold Wright and Earl Lee.

REPORTS STILL PILE IN ON EXPENSES

MONTGOMERY, Ala., Aug. 4.—The last day for the filing of candidates' pre-election financial statements with the secretary of state, in compliance with the corrupt practices act, was Thursday and throughout the day certificates were received by the department. Under the law defining corrupt practices a person who has not filed a statement five days before any primary or general election is prevented from having a position on the ballot. However, it is not probable that this law is enforceable, as the ballots for the primary next Tuesday have already been printed and within the next forty-eight hours will pass into the possession of election officials of the various precincts.

Candidates for state offices who filed statements Thursday and the amounts expended follow: John B. Ward, commissioner of agriculture, \$910; James A. Wade, commissioner of agriculture, \$1022.26; John H. Chapman, state auditor, \$1,195; Frank R. Ryland, secretary of state, \$316.56; Henry C. West, secretary of state, \$691; William P. Cobb, state auditor, \$986.14; George Huddleston, Congressman Ninth District, \$150; R. L. Seale, commissioner of agriculture, \$1,105.

Other candidates for judicial positions who filed statements follow: A. P. Agee, judge Seventh Circuit, \$753.33; Henry B. Foster, judge Sixth Circuit, \$60; Robert F. Peters, judge Fourteenth Circuit, \$543.80; Claude A. Grayson, judge Thirteenth, \$253.85; Bart E. Chamberlain, solicitor Thirteenth, \$94.80; Safford Bernery, judge Thirteenth, \$210.33; Joel W. Goldsby, judge Thirteenth, \$500.50; B. C. Jones, judge Tenth, \$317.15; R. V. Evans, judge Tenth, \$576.51; S. J. Stiggins, judge Tenth, \$401.94; M. Q. Smith, judge Tenth, \$538.90; J. C. B. Gwin, judge Tenth, \$137.13; Joe C. Hall, judge Tenth, \$1,148.21; Edgar Allen, judge Tenth, \$1,060.49; Roger Snyder, judge Tenth, \$917.90; H. M. Abercrombie, judge Tenth, \$536.10; George M. Edmonds, judge Tenth, \$697.25; James G. Davis, solicitor Jefferson County, \$927.29; J. C. Arnold, probate judge Jefferson County, \$1,253.37; Frank Andress, solicitor Jefferson County, account not tabulated.

Vice President Of Engineers States Some Threatened

(Continued from page 1.)

ly intimidated in cabinet quarters, there will be important developments in 24 hours and the belief was prevalent that another peace thrust is imminent.

Conditions in the railroad field were officially described as being "intolerable." To the already chaotic condition that prevailed in some sections was added today the menace of the disaffection spreading to other classes of railroad workers, besides the shopmen, who up to this time have had no part in the strike.

Labor leaders asserted today that the summary turnaround given President Harding's peace proposition by the executives in New York had had a tremendous effect on all railroad labor, creating a situation of resentment and suspicion that is daily growing more apparent.

The cabinet was in session for two and one-half hours. None of the cabinet members would say what went on during the long session, referring all inquiries to the President.

First Installment Of Boxes Sent Out

The first installment of ballot boxes was sent out today in charge of Deputy Henry Wiley, to the eastern end of the county. The boxes are all ready, and the remaining ones will be carried to Hartselle tomorrow, that being a central point for their distribution. The county candidates will spend the day at that point Saturday, and no trouble is anticipated in finding a way to send every box to its rightful place.
